

THE WAR IS OVER.

The Cripple Creek Strike Settled by Arbitration.

A Work Day of Eight Hours at Three Dollars.

BOTH SIDES CONCEDE.

No Discrimination Between Union and Non-Union Men.

DENVER, Col., June 5.—The strike at Cripple Creek has been settled. Late last night the conference between Governor Waite, J. J. Hagerman and David H. Moffatt arrived at an agreement which is satisfactory to all parties.

The conference began at 8 o'clock at the request of Governor Waite. As soon as the triumvirate assembled Governor Waite announced that he was authorized to act for the miners and consideration of the various points was immediately begun. But one point caused serious complication, and that was the time allowed for luncheon.

The miners demanded thirty minutes, they to be allowed pay for the time. The articles of agreement provide that the miners shall work eight hours a day with twenty minutes for luncheon, that they be paid at the rate of \$3 a day and that the mine owners, in employing men, shall not discriminate against either union or non-union miners.

At the conclusion of the conference Governor Waite issued a proclamation calling upon all people in El Paso county, who were forcibly holding the property of others and who were bearing arms in violation of the law, to deliver up such property and to lay down their arms.

The entire state militia is called upon to go to Cripple Creek, El Paso county, and aid the sheriff in restoring order.

ARID LANDS OF THE WEST.

Bill Will Be Introduced in Congress to Provide for Their Survey.

WASHINGTON, June 5.—The arid land question, about which the Western members had much to say when the agricultural bill was before the house, was considered yesterday by the house committee on the irrigation of arid lands. A sub-committee, consisting of Representatives Sweet, of Idaho; Hartman, of Montana; Doolittle, of Washington; Pence, of Colorado, and Newland, of Nevada, was instructed to draw a general bill along the lines of the one for survey of Idaho lands introduced by Representative Sweet.

It will provide for a survey under the direction of the secretary of war of the arid lands in Western states, with the preparation of maps showing the ditches or canals necessary for the reclamation of land, and reports upon the water available for irrigation, with estimates of the quantity of land possible of reclamation and of the cost. The states of Montana, Washington, Oregon, Idaho, the Dakotas and perhaps others, will be included in the deal, with a recommendation for an appropriation of \$25,000 for each state.

HARD TIMES NO MORE.

The Cherokees Paid Their First Installment on the Strip Sale.

TANLEIGH, Ind. Ter., June 5.—The Cherokee people are to be envied above all others. The hard times which are prevailing everywhere will be felt no more here. The largest per capita payment ever known in history is in progress.

The payment of \$295.90 to each individual commenced here yesterday morning at 9 o'clock. The money is brand new legal order notes, mostly in denomination of \$100. These bills are so numerous that business is suffering for small bills.

The payment is being made in the senate chamber in the capitol. Those that are entitled to money enter in at the west end of the hall of the building and pass out at the east door.

At this place are all the merchants, horse traders and others who have accounts against those who receive their money. At 2 o'clock \$100,000 had been disbursed. Everything is quiet and a heavy force of deputy marshals are keeping whisky from being smuggled in to the Indians.

MORGAN AFTER TRUSTS.

The Alabama Senator Gunning for the Big Combines.

WASHINGTON, June 5.—Senator Morgan has presented an amendment to the tariff bill directed against the formation of trusts in imported articles. The amendment declares all combinations, conspiracies, trusts, agreements or contracts to be contrary to public policy and illegal and void when made by persons or corporations engaged in importing articles from foreign countries for the purpose of restraining lawful trade or to increase the price in this country of any article imported, or of foreign manufacture into which such articles enter. A violation of the provision is made punishable by a fine or imprisonment. The seizure of articles imported in violation of this provision is also provided for.

Congressman McGann to Retire.

CHICAGO, June 5.—Congress McGann says he will not be a candidate for re-election. This week he will take charge of the Twenty-second street electric line, he being president of the company, which is to operate the road under a lease.

Probate Judge Appointed.

JEFFERSON CITY, Mo., June 5.—Governor Stone has appointed Fielding Childs of Shell City to be Probate Judge of Vernon county, vice H. P. Gray, deceased.

The Daily State Journal prints all the news.

COMMENCEMENT WEEK.

Annual Address at Kansas University Delivered by Dr. Wheeler.

LAWRENCE, Kan., June 5.—The first day of commencement week proper of the state university began yesterday morning with the graduation exercises of the school of engineering.

The graduates of the school of engineering are R. W. Carter, Lawrence; Lloyd Duffee, Kanawha; H. H. Johnson, Lawrence; W. H. Kutz, Parsons; A. D. Ludlow, Chetopa; F. B. Miller, Pratt; W. G. Neely, Leavenworth; A. N. Topping, Lawrence.

The exercises of the school of pharmacy took place in the afternoon in University chapel and the attendance was much larger than in the morning. The class is a large one and numbers some of the brightest pharmacists ever sent out from the university.

Dr. Benjamin I. Wheeler, occupying the chair of Greek at Cornell university, delivered the annual address at University chapel last night before one of the largest audiences that ever assembled in the hall. Dr. Wheeler spoke on the subject of "Democracy and the Higher Learning."

STATE BANK TAX.

No Conclusion Yet Reached on the Brawley Bill.

WASHINGTON, June 5.—The galleries of the house were well filled yesterday, and on the floor was a goodly array of occupied desks during the early part of the day. As the afternoon wore on the attendance thinned out, and when adjournment came there was not a half hundred members on the floor.

Two senate bridge bills were passed, one to authorize the construction of a bridge across the Delaware river by the Pennsylvania and New Jersey railroad company, and the other extending the time for building a bridge across the Calumet river.

The Brawley state bank tax bill was discussed by Representative Dazell, Republican, of Pennsylvania, and Rayner, Democrat, of Maryland, for the opposition, and by Representative Cobb, Democrat, of Alabama, and Oates, Democrat, of Alabama, in favor of it, and then the house agreed to a senate joint resolution appropriating \$10,000 to defray the expenses of the sugar investigating committee.

SOMEWHAT OVERDRAWN.

Reports About Damage by the River at Atchison are Highly Colored.

ATCHISON, Kan., June 5.—While the situation in East Atchison is quite serious, owing to the encroachments of the Missouri river, many of the statements published are wild exaggerations. The river has not disturbed railroad traffic or interfered with the bridge.

A large amount of farm land has disappeared and the river now flows where twenty-five houses stood a month or two ago. At one point the river is only eight feet from the Santa Fe railroad track, and men are at work night and day to stop the cutting before the track is undermined. All the East Atchison houses north of the railroad track must be moved if the cutting continues, and many of the owners are already making preparations to do so.

THE OREGON FLOOD.

The River Thirty-Two Feet Over Low Water Mark and Still Rising.

PORTLAND, Oregon, June 5.—The water steadily continues to rise. Since last night six inches have been added to the depth. No news can be obtained from the upper Columbia region or the Puget sound country. The only telegraphic communication with the outside world, probably, is via San Francisco. The Union Pacific steamer, Harvest Queen, which left here yesterday for the Cascades, was unable to make headway against the swift current, and was tied up at Bonneville for the night.

The river reached the thirty-two foot mark last evening and is still rising. Hundreds of persons whose places of business are submerged have moved out and established new temporary places.

OFFER TO SURRENDER.

The Taylor Brothers Make This Offer to the Authorities.

LINNEUS, Mo., June 5.—The latest turn in the case of the Taylor brothers, who killed the Meek family, is a letter from W. P. Taylor to parties in Browning, a small part of which is made public, as follows: "If the authorities will call in all the pursuers and dogs the Taylors will surrender and stand trial. They claim they are innocent and can prove it if given a chance."

This is believed by many to be a scheme to allay suspicion and stop the hunt so the fugitives can escape. Their terms are not likely to be accepted.

A Postmaster in Trouble.

St. Joseph, Mo., June 5.—M. J. Hawkins, postmaster at Lilly, Clinton county, was arrested yesterday on a United States warrant charging him with destroying a letter mailed at his office to T. D. Smith, of Pittsburg. Hawkins was arraigned before United States Commissioner Pollock. He pleaded not guilty. His preliminary hearing was set for Friday.

Belleville Bank Suspends.

BELLEVILLE, Kan., June 5.—Davis, Steele & Co.'s bank closed yesterday morning. Liabilities, over \$40,000; assets unknown. The county loses \$8,000. The failure of D. M. Steele of St. Joseph was the direct cause for closing, although the bank has been shaky for some time.

WON'T BE BOSSED.

The Methodist Bishops Given a Good Round Scoring.

By Presiding Elder Naylor of Washington District.

IT CRUSHES MANHOOD.

Dr. Naylor Doesn't Like the Present System at All.

BALTIMORE, June 5.—"Bishops must not be bosses," was the way the Rev. Dr. Henry R. Naylor said his respects to Bishop Charles H. Fowler in his address in the Methodist ministers meeting on the question of limiting the power of Methodist bishops.

The story of Dr. Naylor's removal from his former position as presiding elder of the Washington district to the South Baltimore Methodist church of which he is now pastor, is well known. The removal was made by Bishop Fowler in the annual meeting of the Baltimore conference in Frederick, in March. Dr. Naylor had not served as presiding elder in Washington the full time allowed presiding elders, and he did not want to be transferred.

He was unusually popular with the churches and a majority of them openly rebelled against the action of the bishop in sending Dr. Naylor to Baltimore and passed resolutions requesting that such action be reconsidered. The bishop did not comply. Dr. Naylor said that a bishop had removed a preacher from one appointment to another with the avowed intention of crushing him.

Before the year was out the preacher had died of a broken heart, leaving a widow and two orphans. Dr. Naylor said the system crushed manhood, made widows and orphans, created sycophants and muzzled the religious press.

"The idea is," said Dr. Naylor, "when one enters the Methodist ministry, he surrenders his will. I have never seen a man or church to whom I would surrender will. Who is the church? Are not the 12,000 ministers the church? Who are the 12,000 ministers' wives, if they are not in the church? What are the 25,000 ministers' children, if they are not a part of the church?"

"John Wesley, the founder of the Methodist church in America, was a royalist, who considered George Washington a rebel," said Dr. Naylor, "and his instincts were toward a monarchical form of government. Hence when he appointed the first bishops of America it was not strange that he gave them absolute power. It might have been wise and necessary then when there was only one conference, but now with nearly a hundred conferences and 12,000 preachers it is unwise and unjust."

PENNOYER TURNED DOWN.

Indications That Republicans Carry Oregon By 15,000 Majority.

PORTLAND, Ore., June 5.—Yesterday's election in this state was a grand victory for the Republicans. Judge Lord, Republican, for governor, is elected by not less than 15,000 plurality.

The counting is slow and in this city the count will not be completed before Wednesday night. At an early hour this morning only 1,000 votes of about 16,000 in this county had been counted. Of these Lord received 538, Galloway (Dem.) 260, and Pierce (Pop.) 202. If this ratio is kept up, Lord's plurality in the city will be 4,300. For congress in this city, Ellis (Rep.) has 514, Raley (Dem.) 206; Waldrop (Pop.) 180.

For mayor—Frank (Rep.) 505, Inman (Dem. and Pop.) 389, Honeyman (Independent) 96.

The entire Republican legislative ticket in this county is elected, and from meagre returns outside this city, it is believed the Republicans will control both branches of the legislature. Owing to the flood this city is entirely cut off from eastern Oregon, and not a word of election news has been received from more than one-half of this state.

BRECKINRIDGE—OWENS.

The Kentucky Congressional Fight Is Now On in Real Earnest.

PARIS, Ky., June 5.—Hon. W. C. Owens, the opposing candidate of Colonel Breckinridge for congress in the Ashland district, spoke here yesterday to the largest audience that ever attended a political meeting in Paris. About 4,000 people crowded around the speaker. A special train from Owens' old home brought 800 people. Many ladies were present, and they cheered most vigorously when Mr. Owens made his telling thrust at Colonel Breckinridge.

FRANKFORT, Ky., June 5.—Congressman Breckinridge spoke yesterday to an enthusiastic gathering of 4,000 people. He spoke at 10 a. m. from Lexington, and was met at the depot by 500 people, who cheered him lustily as he got off the train. The speaking was billed to be at the court house, but when the hour for the speech arrived, it was found that not one-third of the crowd could get inside, and the meeting adjourned to the state house yard, where he spoke from a table.

He was introduced by ex-Mayor Taylor and was received with such applause that he could not commence his speech for fifteen minutes. He spoke about an hour and a half and made one of the most eloquent efforts of his life. He did not roast his opponents as severely as on other occasions.

Populists and the Bank Tax.

WASHINGTON, June 5.—Representative Hudson stated yesterday that the Populist vote in the house would be cast solidly against the repeal of the ten per cent tax on state banks, because of the plank in the Populist platform, declaring that all money should be issued by the government and be legal tender for all debts public and private.

Hanged Himself to a Bedpost.

St. Joseph, Mo., June 5.—Samuel Hoover committed suicide last night near here, by hanging himself to a bedpost with a strap of leather attached to a rope. His body was found to-day and turned over to the coroner. Hoover was a laborer, aged 49 years.

BAKER KICKED OUT.

Police Protection Necessary to Save Him From Rough Handling at Detroit.

Detroit, Mich., June 5.—Never before has an umpire been mistreated by a Detroit crowd, but yesterday Baker was the recipient of a couple of kicks and a slap across the face as he walked off the grounds under police escort. Not that his decisions were so manifestly unjust to the home team, but he made twenty mistakes, if one, and the most serious of them counted against Detroit. After firing Generalvin \$5 in the seventh inning, for remarking that Baker was rotten, the umpire ordered him out of the game as he went to bat in the last inning, and Hurley had to take his place.

BANK OFFICER IN COURT.

Cases Against Darragh and Sattley Called at Independence.

KANSAS CITY, Mo., June 5.—The eighty-eight cases against James C. Darragh, president, and Elmer C. Sattley, cashier of the Kansas City Safe Deposit and Savings bank, which closed its doors July 11, 1893, with deposits from over 9,000 people, representing \$1,750,000, wherein they are charged with receiving deposits after the bank was in an insolvent condition, were called in the criminal court at Independence yesterday. The policy of the defense is delay, and a fight began at once for a continuance. Judge Wofford set the case for June 25, not to be again postponed.

THROWN UNDER A BUGGY.

A Serious Runaway in Which Two People Are Hurt.

A serious runaway occurred yesterday on Topeka avenue in which Mr. Len Leach and Miss Genie Mills were severely injured, and the buggy was completely demolished.

They were driving south on Topeka avenue when the horse became frightened, at the corner of Fourteenth street, and began to run. The buggy was overturned and both the occupants were dragged under it for about seventy-five feet. Mr. Leach's head was badly cut, and he was taken to Dr. Beardsley's office where his injuries were dressed. The young lady was badly bruised but not so badly as Mr. Leach.

Mr. Leach was formerly a motorman on the electric car line in this city, but is now of St. Louis where he holds a similar position. He is here on a visit. The buggy was a total wreck, but the horse was not injured.

A NEW BANK.

Enterprise Will Not Be Without a Banking Institution.

Bank Commissioner Breidenbach has received notice of the organization of the Dickinson county bank of Enterprise. The owners are the wealthy mill owners, C. Hoffman and C. B. Hoffman. The organization is temporary, and the capital is only \$5,000, but the institution will be reorganized July 1 as a state bank with a capital of \$25,000. The temporary organization was made because of the failure of the bank of Enterprise. The new bank will have no connection with the old institution.

Great Faith in Hood's

A Sufferer Given Up to Die Dreams of a Cure

Suffering Women Should Read This Letter.

Douglas, Kansas.

"C. I. Hood & Co., Lowell, Mass.:—
"I suffered with female and kidney troubles for nine long years. Four doctors gave me up and I had little hopes of recovery. One night I dreamed about Hood's Sarsaparilla, and when I told my husband he made fun of me, but he went ten miles and bought the medicine.

Two Bottles Cured Me,
But I kept on taking it, and I know it saved my life. I am now a poor widow, but I have such faith in Hood's Sarsaparilla that I have bought it to give it away to get the afflicted to take it. Last fall I gave Hood's Sarsaparilla to several sick women, who said it was no use for me to trouble myself, for they claimed to have tried everything and all had failed. However, I got them to take it, telling them it would not cost them a cent.

Now All Are Well,
And we feel glad that there is such a good medicine as Hood's Sarsaparilla. In the past three years I have bought twenty-two bottles and
